

Project Lombok

Project Lombok is a java library that automatically plugs into your editor and build tools, spicing up your java. Never write another `getter` or `equals` method again, with one annotation your class has a fully featured builder, Automate your logging variables, and much more.

Click to watch a 4 minute demo to learn more.

Show me a text and images based explanation and tutorial instead!

Project Lombok is **powered by:**

Uwe Schaefer

Takuya Murakami
